International Institute for Corporate Sustainability and Responsibility (IICSR) Group established in 2010 is a training, research, and development institute dedicated to Responsible Business practices. We offer courses with International practitioners to develop the global workforce of trained professionals for Sustainable Development. The courses are delivered by online and offline modes coupled with working on research papers, live projects solving global problems for senior executives, for student offering internships, and placement assistance. Our trainers are leading practitioners based in India, Africa, Europe, the USA, and other countries. We are also among the first one's in India to curate 2 years full-time dual degree course in MBA in CSR.

**BIMTECH is one of the few B-schools in India which has used vision building very successfully to plan its future. The first vision building exercise started in the year 2000 which took shape as the Vision – 2005. The missions under this vision were to have a residential campus and to be counted among top 25 private B'schools in India. In 2003 itself, it were ranked 17th by Business Today – AC Nielsen Ranking Survey while the Greater Noida Campus was launched in August, 2004.**
