ESG Strategy 101

To build a company adhering to the expectations of stakeholders on ESG is an intensive task. In this workshop we enable companies to develop bespoke ESG frameworks to match the stakeholder expectations and demonstrate success for contribution towards the sustainable development goal in a profitable and impact oriented way.

This 2 days workshop would empower you to develop an ESG framework for your company and keep it evolving with changing times.

OUTCOMES

- Basics of ESG
- How to define KPI of E,S and G verticals
- Umbrella indicators in global reporting formats
- Ways to align and integrate in the bespoke industry
- Building ESG roadmap and strategy for the respective company
- Deciding the success indicators by measuring and monitoring

AUDIENCE

- Corporates
- NGOs
- Consultants
- Entrepreneurs
- Students

About IICSR Group and ISSP

About IICSR: <https://www.iicsr.com>

IICSR Group is the world leader in building Responsible Business Leadership established in 2010 in India and USA. We assist the companies on ESG, CSR and Sustainability project implementation, advisory, reporting and training. We train and advice working professionals in south east Asia, EU, UAE and Asia with expert faculty. IICSR is accredited by the American Council of training and development (ACTD) and MEPSC (A sector skills council under Ministry of Skills development and Entrepreneurship) and are offering Government approved courses which are Internationally recognised. We have trained more than 10000+ corporate professionals, advised 100+ corporates in Public and Private sectors and implemented projects. We have registered offices in the India and the USA and have our campus at North Goa amidst the nature surrounded by the Arabian Sea on one side and Arambol Jungles - Western Ghats on the other side.

About ISSP: <https://www.sustainabilityprofessionals.org/>

The International Society of Sustainability Professionals is the world's leading network of sustainability professionals. We work together to provide the community, training, and tools needed to meet goals and create sustainable change. With members spanning 94 countries, we do our best to accommodate differences in regional economies, Internet connections, and cultural expectations.
