## Introduction

International Institute for Corporate Sustainability and Responsibility (IICSR) established in 2015 is a training, research, and development institute dedicated to Responsible Business practices.

We offer courses with International practitioners to develop the global workforce of trained professionals for Sustainable Development. The courses are delivered by online and offline modes coupled with working on research papers, live projects solving global problems for senior executives, for student offering internships, and placement assistance. Our trainers are leading practitioners based in India, Africa, Europe, the USA, and other countries. We are also among the first one's in India to curate 2 years full-time dual degree course in MBA in CSR.

Understanding the requirements of the working professionals we have designed a flexi learning model, self-designed Masters Certificate course with diverse range of courses under the Responsible Business Era Series.
