BEST COSTUME DESIGN

MANOSHI NATH & RUSHI SHARMA

MOVIE: SHANGHAI

It's the costumes that add layers to the film's characters. The rustic and raw characters of *Shanghai* owed their effectiveness to the detailed eyes of Manoshi Nath and Rushi Sharma. The jury believed the costumes of *Shanghai* were intrinsic to its characters. And that was reason enough for them to honour its designers. *Cocktail*, which was close in the race, had distinct styling too. But it was the styling of Emraan Hashmi, Abhay Deol and Pitobash that impressed our jury the most. For once, substance got the edge over style in the big bad world of fashion.
